Please find below and/or attached an Office communication concerning this application or proceeding.

**Request for Information**

1. Applicants and the assignee of this application are required under 37 CFR 1.105 to provide the following information that the examiner has determined is reasonably necessary to the examination of this application.
2. The Applicants filed a 37 CFR 1.607 Request for an Interference With a Patent, filed 9/18/01. An amendment to the claims, filed on 9/18/01, canceled the original claims and added claims 33-68 to reflect the claims with USPN 6,219,694.
3. The Request for an Interference followed the guidelines, at the time of filing the request, of 37 CFR 41.202. The Request for an Interference identified the parts of the suggestion.
4. Further in the prosecution, an amendment, filed 4/11/02, added limitations to the independent claims and added new claims 69-114.
5. The Request for an Interference was not updated to reflect the newly amended claims or the added claims.
6. Examiner has determined that an updated Request for an Interference With a Patent must be submitted.

7. In response to this requirement, please provide an updated Request that would, again, identify all the parts of 37 CFR 41.202, especially with identifying all claims corresponding to one or more counts, show why claims interfere within the meaning of 37 CFR 41.203(a), and providing a claim chart showing the written description for each claim in the applicant's specification.

8. The fee and certification requirements of 37 C.F.R. 1.97 are waived for those documents submitted in reply to this requirement. This waiver extends only to those documents within the scope of this requirement under 37 C.F.R. 1.105 that are included in the applicant's first complete communication responding to this requirement. Any supplemental replies subsequent to the first communication responding to this requirement and any information disclosures beyond the scope of this requirement under 37 C.F.R. 1.105 are subject to the fee and cedification requirements of 37 C.F.R. 1.97.

9. The applicant is reminded that the reply to this requirement must be made with candor and good faith under 37 CFR 1.56. Where the applicant does not have or cannot readily obtain an item of required information, a statement that the item is unknown or cannot be readily obtained will be accepted as a complete response to the requirement for that item.

Art Unit: 2145

10. This requirement is subject to the provisions of 37 C.F.R. 1.134, 1.135 and 1.136 and has a shortened statutory period of two (2) months. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

11. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jason D. Cardone whose telephone number is (571) 272-3933. The examiner can normally be reached on Mon.-Thu. (6AM-3PM).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rupal Dharia can be reached on (571) 272-3880. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system.
